

# Soap Box/Mold (60 oz)

## Supplies

- 48" long 1x4 pine (actual size 3/4"x3.5") [Home Depot]
- 16 1.25" brads [Home Depot]
- Wood glue [Home Depot]
- 1 wooden yard stick [Home Depot]
- 3/16" foam board [Michaels]

## Steps

1. Cut 1x4 into two pieces each 8 3/8" long.
2. Cut 1x4 into two pieces each 9" long.
3. From steps 1 & 2, glue and nail together box sides.
  - Note 9" pieces overlap 8 3/8" pieces.
4. Cut wooden yard sticks into three 10" lengths.
5. Glue and nail pieces from step 4 to bottom of box, evenly spaced.
6. Check your work. Inside dimension of box should be 7 3/8" x 8 3/8" x 3 1/2"
7. For base, cut first piece of foam board to size 7 1/4" x 8 1/4".
8. For cover, cut second piece of foam board to size 7 1/4" x 8 1/4".
9. For cover, cut third piece of foam board to size 9" x 10".
10. To finish cover, glue step 8 centered onto step 9.
